

Work Files Stored the Easy Way

**Crucial® X6 and X8
Portable SSDs**

Ditch the file cabinet with the Crucial family of external SSDs. Portable and easy-to-use storage solutions are perfect for employees working from home, in the office, or on the road. **Just plug and go!**

Keep Company Data Safe

Works with security protocols like Windows Bitlocker or Apple FileVault.

Increase Productivity with SSD Speed

Portable SSDs open and save files 7.5x faster¹ than portable HDDs.

Extend Device Life Cycle

Lower total cost of ownership by choosing portable storage instead of replacing systems.

Easily Expand Storage

No installation required. With just a USB connection, even works with devices like Chromebooks, Macs, and Surface.
